

```
Sudo su hduser
Password
$ cd
$ cd /use/local/hadoop
$ start-dfs.sh
$ star-yarn.sh
$ Jps
$ bin/hdfs dfs -mkdir /user215/
$ bin/hdfs dfs -put /home/student/Desktop/data
/user215/input
```

Computer ->home -> student -> Desktop -> data ->
user215 -> input
Make a input.txt file here and put some words in it

```
bin/hadoop jar share/hadoop-mapreduce-examples-
2.9.0.jar wordcount /user215/input output215
```

```
bin/hdfs dfs -cat output215/*
```

```
stop-all.sh
```
